

## COMMENT RESPONSE DOCUMENT

EASA AD No.: 2024-0199

[Published on 18 October 2024 and officially closed for comments on 15 November 2024]

**Commenter 1: Nepal Airlines Corporation – Priyanka Shrestha – 22/10/2024**

### **Comment # 1**

With regards to EASA AD 2024-0199, the definition of 'Affected Parts' is "Broadband antenna ... or eligible for installation on an aeroplane ... of this AD."

We would like to know what does it mean by "eligible for installation on an aeroplane"?

### **EASA response:**

***A part is eligible for installation if approved instructions for installation of that part for that aeroplane exist (part of the type design) and if that part is eligible as described in Part 21.A.307.***
