

Conflict Zone Information Bulletin

CZIB No.: 2017-01R1

Issued: 31 August 2017

Subject: Airspace of Mali within Niamey Flight Information Region

Revision / Cancellation:

This CZIB is revised to extend the validity and amend the affected airspace information. The original issue of this CZIB replaced and cancelled EASA SIB 2014-27 dated 13 October 2014.

Affected Airspace:

Mali airspace, Niamey FIR (DRRR), at altitudes below 24 000 feet (ft) above ground level (AGL).

Applicability:

This CZIB applies to operators.

Description:

This CZIB is issued on the basis of information available to EU Member States and EU institutions. The presence of terrorist groups with the necessary capabilities (including anti-aircraft weaponry) is assessed to pose a HIGH risk to operations within the portion of the Niamey FIR which is situated above Mali territory, at altitudes below 24 000 ft AGL.

Recommendation(s):

Operators should take this information and any other relevant information into account in their own risk assessments, alongside any available guidance or directions from their national authority as appropriate.

Validity:

This CZIB is valid until 28 February 2018.

Contact(s):

For further information contact the EASA Safety Information Section, Certification Directorate.
