Comment # 1

With reference to the Notification of a proposal to issue an Airworthiness Directive PAD: 16-123 issued 30AUG2016, concerning ATA 31 – Instruments – Electronic Centralized Aircraft Monitoring Symbol Generator Unit – Replacement, please note that there is an error in the first paragraph on page 2 with respect to the description of the Primary Night Display (PFD). This should read Primary Flight Display (PFD).

EASA response: Agreed. Final AD has been amended accordingly.
