Comment # 1

Could you confirm if this AD concern the RTM322-01/1 and RTM322-01/12 and RTM322-02/08 engine models ?

Your AD list only the -01/9 and -01/9A engine models.

EASA response:

Comment noted: The AD is only applicable to the engine models listed in its Applicability. It has to be noted that there are no known RTM322-01/1 engines in service at present time, and that RTM322-01/12 and RTM322-02/08 engines are not included in the type certificate of the engine (Ref. TCDS EASA.E.009).

No changes have been made to the Final AD in response to this comment.
