Comment # 1

Etihad would like to make the following comment on EASA PAD 18-085:

The applicability section of this PAD reads: “except those on which Airbus mod 158379 has been embodied in production.”

From our point of view not only aircrafts embodied with Airbus mod 158379 are not applicable, but also aircrafts already embodied with SB A320-92-1121 at retrofit.

EASA response:

Comment not agreed. Please refer to the EASA AD Writing Instructions, available at this [link](#). Section 3.13.6 “Excluding certain products from the Applicability” (ref. WI.CAP.00002-003, dated 08 November 2017). No changes have been made to the Final AD in response to this comment.
