

COMMENT RESPONSE DOCUMENT

EASA PAD No. 18-128

[Published on 14 September 2018 and officially closed for comments on 12 October 2018]

Commenter 1: Airbus Helicopters – Ulrich Lauer – 15/10/2018

Comment # 1

Please update the applicability of the AD to the affected Aircraft TCs under Airbus Helicopters DO:

EC135

AS 332 L1

EC 225 LP

As there are P/N indicated as affected that are not integrated by Airbus Helicopters please contact the ETSO holder for the comprehensive list of affected Aircraft Type Designs.

EASA response:

Comment agreed: Final AD has been updated accordingly. It has to be noted that the applicability section of the AD provides a list of aircraft which are known to be equipped with affected part. The list is anyway not exhaustive ("but not limited to").
