Comment # 1

The headline of PAD 19-049 reads as follows: “ATA – Aircraft Flight Manual – Landing Distance Determination Procedure – Amendment”. As you can see there is no ATA chapter referenced at the beginning of the PAD headline. As I would have expected ATA chapter 00 or chapter 02 I would like to raise the following question:

Was it EASAs intent to not collocate the PAD to any ATA chapter or is the ATA chapter reference inadvertently missing? If the missing AMM chapter reference was intended I would like to ask whether this is also planned for the upcoming AD subsequent to PAD 19-049.

EASA response:

Comment acknowledged. It is EASA intention not to allocate any ATA chapter for this final AD. Indeed, no ATA chapter exist for AFM change. All ADs published by EASA related to AFM amendment have no ATA chapter.

No changes have been made to the Final AD in response to this comment.
