EASA PAD No. 22-026

[Published on 16 March 2022 and officially closed for comments on 13 April 2022]

Commenter 1: Royal Flight Oman – Mohanraj Sivaraj – 23/03/2022

Comment # 1

I am Mohanraj Sivaraj from the Continuing Airworthiness Management Department of the Royal Flight Oman and we operate and maintain EC225LP helicopters (MSNs 2648, 2650, 2651, 2653, 2618 and 2731) under CAA Oman regulations.

EASA recently published PAD 22-026 and it is noted that this PAD is applicable to EC 225 LP helicopters, manufacturer serial numbers (s/n) 2684, 2712 and s/n 2796 only.

However, the related AH Alert Service Bulletin (ASB) EC225-52A023 is applicable to EC 225 LP helicopters, manufacturer serial numbers (s/n) 2650, 2651, 2653, 2684, 2712, 2796.

The EC 225 LP helicopters, manufacturer serial numbers (s/n) 2650, 2651, 2653 are found not included in the PAD 22-026.

EASA response:

We agree: PAD 22-026R1 was published to include EC 225 LP helicopter manufacturer serial numbers 2650, 2651 and 2653 into the final AD applicability.
