### **Comment # 1**

Regarding the EASA PAD No.: 22-037 i have a comment regarding the Applicability.

The EASA PAD No. 22-037 refers to the technical Note 627-3. And the Technical Note 627-3 is limited to the following serial numbers:

V3 001 MP - V3 087 MP, V3 089 MP - V3 100 MP, V3 102 MP - V3 113 MP and

V3 115 MP - V3 125 MP

The applicability of the EASA AD should show the same serial numbers, as the other serial numbers have already a new issue of manuals where all the necessary changes are already implemented.

### **EASA response:**

**Comment agreed. The Applicability of the final AD is updated accordingly.**
