

## COMMENT RESPONSE DOCUMENT

EASA PAD No. 23-046

**[Published on 13 April 2023 and officially closed for comments on 11 May 2023]**

### ***Commenter 1: Bristow Helicopters Ltd – Chris Richards – 13/04/2023***

#### ***Comment # 1***

With regards to PAD 23-046. The “Affected Part” & “Serviceable Part” section of the PAD only details part numbers 202402A and 202256A for the inflation system.

ASB 139-734 includes the alternative RFD part numbers 45521002 & 45521003.

Will the AD include the alternative RFD part numbers?

#### ***EASA response:***

***Comment agreed. The final AD has been amended with the alternative reference part numbers for the affected and serviceable part.***
