Commenter 1: Airbus Helicopters Southeast Asia Pte Ltd, Taiwan Branch – Deron Wang – 26 July 2024

Comment # 1

Dear Sir/Madam:

I'm from AIRBUS HELICOPTERS Taiwan Branch, our A/C type is AS365.

We received PAD 24-088 few days ago, which is for AIRBUS HELICOPTERS SA/AS 365 and EC 155,

But according to the applicability and reference ASB, it seems that it's only for EC155, could you please kindly clarify it for us?

Thank you very much.

EASA response:

Comment #1 agreed - Type/Model designation(s) has been corrected in the final AD.
