Comment #1

While going through the list of affected serial numbers (appendix 1), I found a lot of duplicates.

E.g.: 190218-13, 190315-16, 190412-25, 180405-12,...

What is the reason behind this?

EASA response:

Comment agreed: Repeated s/n have been removed in the final AD.
