Comment # 1

Reference: (A) EASA Proposed Airworthiness Directive: PAD No. 26-003, dated 08 Jan 2026

Commenter Request: Modify Reference (A) PAD in the “Ref. Publications” section to “the use of later approved revisions or variations”.

Request justification: To clarify the language that variations within the ALS context are considered temporary revisions and therefore are acceptable for compliance within the requirements of the AD.

List paragraphs that change; describe (nonobvious) changes: Ref. Publications

EASA response:

Comment agreed. The Ref. Publication were adapted accordingly.
