Forward cargo compartment nets

This Airworthiness Directive applies to ATR 42 aircraft models -300 and -320 on which one of the following modifications has not been embodied : 1878 or associated Service Bulletin ATR 42-25-0015, 2482, 3193, 8154 ; or the jointly embodiment of the two modifications 0481 and 0588.

To prevent the nets from distorting under the weight of the luggages and thus blocking the access door to the forward cargo compartment, the following measures are rendered mandatory on the effective date of this Airworthiness Directive.

- Before December 31, 1997, replace the forward cargo compartment nets by applying the instructions provided by Service Bulletin ATR 42-25-0108.
