Seq.: 074

**BIJZONDERE LUCHTWAARDIGHEIDSAANWIJZING
(BLA)
NETHERLANDS AIRWORTHINESS DIRECTIVE**

Onder verwijzing naar BLA nr. 68-19-00 en BLA nr. 74-70-00 geeft de directeur Luchtvaartinspectie van de Rijksluchtvaartdienst de volgende Bijzondere Luchtwaardigheidsaanwijzing.

Under authority of the Netherlands Regulations on the State Control of Aviation the Director Aeronautical Inspection of the Civil Aviation Department gives the following Airworthiness Directive.

NAVIGATION - EFIS SYMBOL GENERATORS - MODIFICATION

Description:

The performance of the Honeywell Model SG-806 Symbol Generator P/N 7013788-806 has been found to be below standard. Upon deselection of the flight director command bars, the response is slow. The time it takes for the command bars to go out of view is considered to be too long. To improve the "bias out of view" command bar response, this Airworthiness Directive (BLA) requires the modification of the affected symbol generators.

Effectivity:

F.27 Mk.050 aircraft serial numbers:

20150, 20156 to 20158 inclusive, 20162, 20163 and 20165.

Effective date: June 12, 1990

Compliance: required before October 01, 1990.

Accomplishment: In accordance with Fokker Service Bulletin F50-34-017 dated June 01, 1990 or a later RLD-approved revision.

Remarks:

- In respect to art. 88 par 3 of the Civil Air Navigation Regulations, this Airworthiness Directive (BLA) must be accomplished by or under supervision of an approved company.
- All operators of the affected aircraft have received the ref. Service Bulletin directly from the manufacturer.
