COMMENT RESPONSE DOCUMENT

PAD / DOC PARAGRAPH COMMENTED	COMMENT / PROPOSAL	AUTHOR OF THE COMMENT	DATE OF COMMENT	PCM RESPONSE
Applicability	We are in full agreement with the proposed AD. One small point, a spelling mistake in the Applicability section, should read except, not expect	Duncan Botterill, Deputy Fleet Manager VT Aerospace	24/04/2006	Comment accepted. The AD text will be amended accordingly
Ref. Publications	The PAD draft included the address of the editor of the publications SI and SB and herewith a possibility for ordering. Why did you remove that address in the PAD? In this case you / EASA will get inquiries. I suppose, you won't distribute technical publications of a German propeller-manufacturer. So you have to pass on the address from case to case. Wouldn't it be easier, to announce the address in the AD (as prepared)?	Rainer Stöckl Head of Design Organisation Hoffmann Propeller	25/04/2006	The Type approval holder address is shown in the "Remark" field of the PAD
Applicability	HO-V343K all serial numbers, except except propeller with blade modifications A to E, installed on GROB G115E.	Alastair Healey EASA	02/05/2006	Comment accepted. The AD text will be amended accordingly
Compliance	Under Action 1 states "than" and should be "then".	Alastair Healey EASA	02/05/2006	Comment accepted. The AD text will be amended accordingly
