Applicability	<p>The Applicability-section of the AD states that "The applicability for each of the actions rendered mandatory associated to a potential unsafe condition is identified in paragraph 3 of this Airworthiness Directive (AD)." Problem is, that the AD (Compliance-section or otherwise) does not contain any "paragraph" numbering.</p> <p>I suggest to change the wording to "The applicability for each of the actions required by this directive is identified in each relevant "Action" paragraph of the Compliance-section of this Airworthiness Directive (AD)."</p> <p>I also suggest to delete the Table with the "x" markings, for the simple reason that each "Action" part of the Compliance-section sufficiently contains the applicability of each task.</p>	Paul van Eenige CAA-NL	05/07/2006	<p>PCM concurs with the comments. The 'applicability section shall be modified as followed :</p> <ul style="list-style-type: none"> - removal of the table giving the applicability vs action - replace the text of applicability section by "AIRBUS 310 and A300-600 aircraft, all certified models and all serial numbers. <p>The applicability for each of the actions required by this directive is identified in each relevant "Action" paragraph of the Compliance-section of this Airworthiness Directive (AD)."</p>
