Compliance Time	In our opinion, the deadline 31 MAR 2009 in paragraph 6 should be extended to 12 months after the [effective] date of the upcoming AD. The reason is logistical, especially among operators that have their components in a pool arrangement.	Lennart Persson, Scandinavian Airlines System	02/09/2008	The EASA does not concur with the comment as the proposed extension of the compliance period is not consistent with the safety assessment performed in the frame of this issue.
