

EASA WITHDRAWAL STATEMENT PAD 14-161

EASA has withdrawn PAD 14-161 for the following reasons:

Based on consultation with Bae Systems (Operations) Ltd and taking into account the urgency to implement the required actions, EASA decided to issue a Final AD with request for comments postponing the public consultation process after the AD publication.

Conclusion:

For the reasons described above, PAD 14-161 is withdrawn and issued as a Final AD 2014-0239 with request for comments.
